

Welcome to the Ending the Epidemic in NYS Webinar Series

Ending the Epidemic and Older Adults December 9, 2015 10am to 11:30am

Thank you for joining us! Please be sure to dial into the number below to ensure you are connected to the audio portion of the webinar:

Call-in number: 1-844-633-8697 OR 1-866-776-3553 Meeting ID: 646 085 902

All lines will be muted during this webinar.

*If you are experiencing technical difficulties, please send a chat to Host: Rachel Newport or call **(518) 474-3045**

We will be starting promptly at 1pm

Step 1

The screenshot shows the top navigation bar of a webinar interface. It includes three icons: 'Participants' (a person icon), 'Chat' (a speech bubble icon), and 'Notes' (a notepad icon). A large red arrow points from the right towards the 'Chat' icon. Below the navigation bar is a 'Participants' dropdown menu. The 'Speaking:' section lists 'Tomica Collado-Robinson (me)' and 'Rachel Newport (Host)'. At the bottom, there are buttons for 'Raise Hand' and 'Audio', and a 'Chat' dropdown menu.

We ask that you please use the chat feature on your screen to pose any questions. All questions will be answered during the Q&A segment at the end of the webinar.

In order to ask a question, please follow these directions:

Step 1: Activate the chat feature at the top of the screen by clicking the chat bubble

Step 2: In the send to bar, select “Rachel Newport (Host & Presenter)” to be sure that your question reaches the moderators

Step 3: Type your question in the chat box and click “Send.”

Step 2

Send to: Rachel Newport (Host & Presenter)

Step 3

Defining the End of AIDS

**Governor Andrew Cuomo
announcing his new
initiative to combat the
AIDS epidemic before the
NYC Gay Pride Parade.**

Credit Michael Appleton for The New York Times

Goal

**Reduce from 3,000 to 750 new HIV infections
per year by the end of 2020.**

Three Point Plan

1. Identify all persons with HIV who remain undiagnosed and link them to health care.
2. Link and retain those with HIV in health care, to treat them with anti-HIV therapy to maximize virus suppression so they remain healthy and prevent further transmission.
3. Provide Pre-Exposure Prophylaxis for persons engaged in high-risk behaviors to keep them HIV negative.

Additional Recommendations

Getting to Zero: Recommendations

2015 Blueprint
For achieving the goal set forth by Governor Cuomo to end the epidemic in New York State by the end of 2020.

GET TESTED.
TREAT EARLY.
STAY SAFE.

End AIDS.

“We must add AIDS to the list of diseases conquered by our society, and today we are saying we can, we must and we will end this epidemic.”

~Governor Cuomo

Implementation: AAC ETE Subcommittee

AIDS Advisory Council (AAC) Ending the Epidemic (ETE) Subcommittee: The Subcommittee will ensure on-going formal involvement of the AAC in follow-up and recommendations on the implementation of the Ending the Epidemic Task Force (ETE TF) recommendations.

- 16 Members: The selection of members to the Subcommittee was conducted as part of the completion of the work of the ETE TF and is representative of each ETE TF Committee
- Bi-Monthly meetings
- Co-Chairs: Charles King, President and CEO, Housing Works, Inc.
Marjorie Hill, PhD, CEO, Joseph Addabbo Family Health Center
- Ending the Epidemic Website:
<https://health.ny.gov/EndingtheEpidemic>

ETE Dashboard – Now Live!

- Key metrics will be systematically tracked at the state and local levels, with publicly available results.
- HIV prevention, HIV incidence, testing, new diagnoses and linkage, prevalence and care, AIDS diagnoses, and deaths compiled from various data sources and presented in one place.
- [HTTP://ETEDASHBOARDNY.ORG](http://ETEDASHBOARDNY.ORG)

Blueprint Alignment with NHAS 2020

STRATEGY GOALS

1. Reduce New Infections
2. Increase Access to Care and Improve Health Outcomes for People Living with HIV
3. Reduce HIV-Related Health Disparities and Health Inequities
4. Achieve a More Coordinated National Response to the HIV Epidemic

POLICY AND ACTION

“Several jurisdictions have, through focused efforts, seen decreasing trends in HIV, including the States of New York and Massachusetts and the cities of San Francisco and Los Angeles. In addition, some States and local areas have put forth their own plans to “end AIDS,” such as **New York State**, Washington State, and San Francisco.” – NHAS 2020 Pg. 17

RECOMMENDED ACTIONS

Support and strengthen integrated and patient-centered HIV and related screening (STIs, substance use, mental health, IPV, viral hepatitis infections) and linkage to basic services (housing, education, **employment**).

Webinar Agenda

Ending the Epidemic (ETE) Overview
(5 min) Shannon Mason, AIDS Institute

Opening remarks from New York State Office for the Aging (NYSOFA)
(5 min) Corinda Crossdale, NYSOFA

Background Epidemiology on HIV and Older Adults
